Subject: VB/I-70 CIP and 5YR questions
Attachments: Final Interview Summary JC 50119.docx; DRAFT VB I-70 Interview Questions.docx

One attachment just has the questions, and one attachment has the questions and my summary of answers. Both Jesse and SKEO also took notes at all or some of these interviewees, so the final summary will include not only my summary above, but additional input that they may have captured as well.
